

Fush-mounted electronic chime

Product number	43706
Type	UP-GONG 230ws
Weight	0.093kg
Length	43mm
Width	80mm
Height	80mm

Product description

The simple design of the flush-mounted series for doorbells, chimes and buzzers enables seamless integration into a wide range of products from well-known switch manufacturers. You can integrate this product easily and flexibly in situ as it has been designed for flush-mounted installation. Integration into existing switch programmes is no problem and is facilitated by the mounting plate and frame supplied. This ensures simple and aesthetic integration.

Note:

Use switch junction boxes with an installation opening of Ø60 mm and a depth of 60 mm.

The flush-mounted doorbell fits into frames of the surface programmes of switch manufacturers with 50 x 50 mm internal dimensions. An adapter frame from the same switch manufacturer may be required if the switch is larger.
