Product number	43829
Type	MISTRAL SE07 Q AP/UP SW
Weight	0.135kg
Length	21mm
Width	80mm
Height	80mm

Product description

The Radio transmitter MISTRAL SE07 Q AP/UP SW has been designed for both surface and flush mounting.

The installation can be carried out as required as a surface-mounted or flush-mounted installation on a flush-mounted box. The adapter ring is removed for flush-mounted installation.

The black, square Plexiglas design plate enables customised installation and blends seamlessly into any environment.
